Align Canada Headquarters

100 Queens Quay East Suite #1500
Toronto | Ontario | Canada | M5E 1Y3

Course Description

Unlock your practice's potential by mastering clear aligner techniques for your younger patients. This comprehensive course covers expansion techniques using fixed expanders (Hyrax), Invisalign Palatal Expander and Invisalign First for mixed dentition. For teenage Class 2 occlusion cases, you'll master Invisalign and Carriere motion appliances.

Course Objectives

- Confidently diagnose and treat kids with transverse and AP changes.
- Master expansion techniques and Invisalign appliances for various cases.
- Gain hands-on experience with various appliances.

Course for dentists only

THE SPEAKER LINEUP

Dr. Andrea Ho-Fatt

Dr. Andrea Ho-Fatt was born and educated in Toronto, Canada. She attended the University of Western Ontario for dental school and embarked

on her orthodontic journey in 2008, focusing on early interceptive treatments for kids. As a Diplomate of the AADSM and a Diamond Plus Invisalign provider, Dr. Ho-Fatt emphasizes minimally invasive techniques and digital workflows. She actively contributes to the dental community as an Align GP Advisory Board member and has played a key role in launching the Invisalign Palatal Expander for general dentists.

Dr. Vitaly Gantman

Dr. Vitaly Gantman graduated from the University of Montreal in 2012. He transitioned to Invisalign in 2017, becoming a Diamond Plus Provider in 2020.

As an Invisalign Faculty member, he offers comprehensive orthodontic care to patients of all ages. With over 2000 cases treated, Dr. Gantman actively teaches Invisalign integration and combination treatments. He developed a protocol using Hyrax, IPE, Invisalign First, Carriere Motion Appliance, and Invisalign Comprehensive Plans. Dr. Gantman leads the Montreal Chapter of the AACA, offering mentoring for Carriere Motion cases since 2022.
